

Working with a REBSEA Member Realtor®, is a win-win-win-win situation and that is why this simple idea is so powerful:

- 1) I receive more business, which means more donations.
- 2) You are represented by an experienced, knowledgeable and hardworking Realtor®
- 3) The non-profit organization you support can facilitate a donation without any cost to them
- 4) Your supported organization can deliver more services with funds they otherwise would not have

The most important part of all of this is the service I can provide to YOU. Please contact me for more information on how I can help you realize your Real Estate dreams.

Let's Work Together

Sally Farrell, Realtor®

Just Say Yes To Giving Back!

For a Stronger Community

There is a growing trend today for the business community to find innovative ways to help and support the nonprofit organizations you care about. The reason for this is partly because it has been proven in many studies that people prefer to do business with people and companies who Give Back to the communities they serve. The business community is increasingly aware of this. One such group is REBSEA, a 501(c)6 nonprofit trade association of real estate brokers and mortgage lenders who donate a part of each commission to a nonprofit in their community. I am proud to announce that I am a Charter Member of REBSEA, and the only one in Whatcom County, committed to making such on behalf of my clients.

*Just Say YES
to Giving Back* 

I am a full service Realtor servicing all of Whatcom County. Please consider working with me, the next time you, or anybody you know, is buying or selling a home. You can expect great service from a seasoned professional and the satisfaction of knowing that part of my commission is going back into our community.

GIVING BACK About Me. . .

REBSEA is a network of businesses whose simple goal is to share the wealth with those in need in our community, and throughout the world. REBSEA MISSION STATEMENT: "Our GOAL is to be the most complete network possible of Real Estate Agents and Businesses who GIVE BACK to the communities they serve, both locally and globally. Our METHOD is to make the REBSEA network available to nonprofit organizations to use for direct fundraising, and, to give consumers the CHOICE of doing business with people

Your Dreams Are My Business.

I fulfilled my dream to become a Realtor, several years ago and since that time I have been so grateful for the clients who put their trust in me, my beautiful community and my fellow real estate brokers. I am here to listen to my clients dreams and do my best to turn those dreams into a reality. I rely on a great staff at Coldwell Banker Bain. I have developed experienced and reliable network of lenders

contractors, inspectors, escrow officers, etc., to ensure my clients get the most professional service possible.

My distinctions include:

Being voted by my Realtor® peers to serve on the Board of the Whatcom County Association of Realtors® for the 2014 to 2017 term.

My blog submissions were chosen by Coldwell Banker Bain to appear on the company wide Fence and Flowers blog. <http://www.cbbain.com/Blog>

Can I Help You ID a Local Non-Profit?

Yes!

My client chooses the NPO, but I am working with some local non-profit organizations, who are doing their best to reciprocate. Feel free to contact me at

farrellhomes@comcast.net, for a current list of local non-profits that will help inspire your choice. The list will include a variety of organizations working to provide much needed services to our community. If you would like to nominate an organization, please feel free!

How Much Will I Donate?

I have committed to donate 10% of my net commission for each closed transaction directly to your organization for every client you refer to me. This would result in a donation of approximately **\$400 - \$1500** per transaction. As this effort gains traction, I hope to increase that percentage.
